1. Overview

This manual describes the functions performed by users of the Clearing Members/Clients of the EMIR-TR Service, via the AMP EMIR-TR application.

In this version, the following functions are provided:

1. Log in to the application
2. Change User Password
3. Submission and Monitoring of Delegation File, from Clearing Members/Clients of the EMIR-TR service on behalf of their Clients, so as to report their Clients' LEIs to ATHEXCLEAR. This is necessary for the submission of reports on transactions cleared by ATHEXCLEAR, and for transactions not cleared by ATHEXCLEAR (ETD/OTC)
4. Submission and Monitoring of ETD Supplementary Trade & Position Data File, for Clients of the EMIR TR Service that have the obligation to report transactions cleared by ATHEXCLEAR
5. Submission and Monitoring of ETD Supplementary Margin Data File, for Clients of the EMIR TR Service that have the obligation to report transactions cleared by ATHEXCLEAR
6. Submission and Monitoring of the OTC030 Report File and the OTC108 Report File, for Clients of the EMIR TR Service that have the obligation to report transactions executed over-the-counter or on other regulated markets and not cleared by ATHEXCLEAR
7. Response files for the submitted reports to Trade Repository

2. Description and Operation

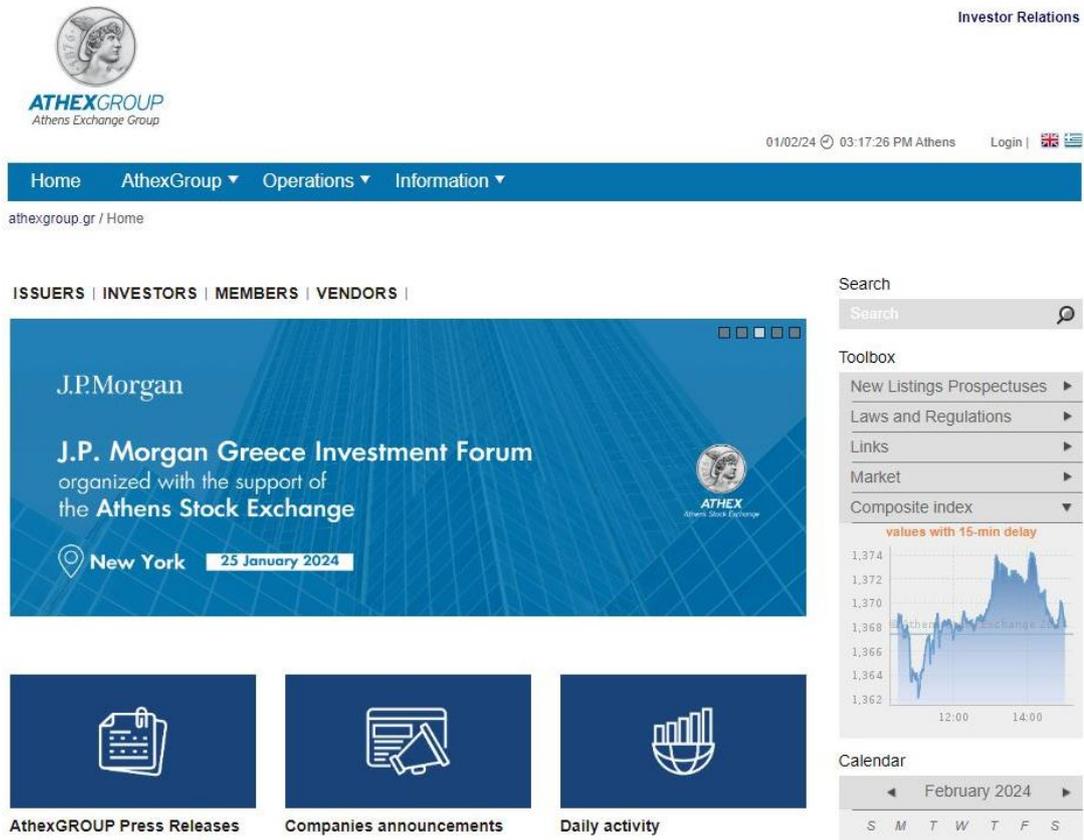

2.1 User's password management

For security reasons, after your first login you should change your password. You should also regularly change your password.

Passwords are managed at the ATHEX Group Web site.

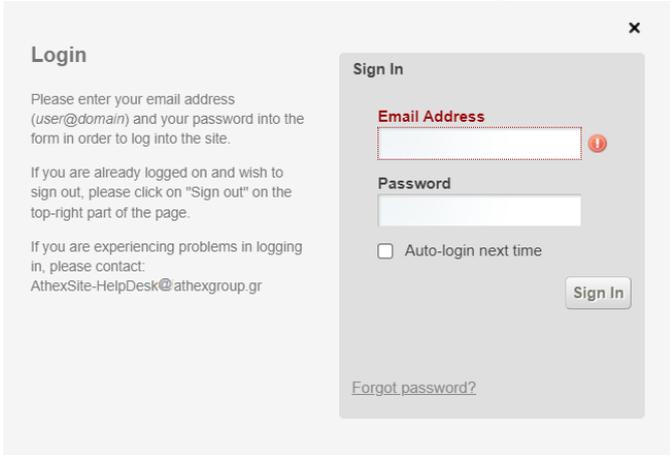

2.2 Connecting and disconnecting at ATHEXGroup web site

In order to connect to the ATHEXGroup website, please use the link <http://www.athexgroup.gr/> and the following screen will be displayed:

The screenshot shows the ATHEX Group website interface. At the top left is the ATHEX GROUP logo. A navigation bar contains 'Home', 'AthexGroup', 'Operations', and 'Information'. Below the navigation bar, there are links for 'ISSUERS | INVESTORS | MEMBERS | VENDORS'. The main content area features a large blue banner for the 'J.P. Morgan Greece Investment Forum' organized with the support of the Athens Stock Exchange, held in New York on 25 January 2024. To the right, there is a search bar, a 'Toolbox' with dropdown menus for 'New Listings Prospectuses', 'Laws and Regulations', 'Links', 'Market', and 'Composite index'. Below the toolbox is a line chart titled 'values with 15-min delay' showing market activity between 12:00 and 14:00. At the bottom, there are three buttons: 'AthexGROUP Press Releases', 'Companies announcements', and 'Daily activity'. A calendar for February 2024 is also visible.

Please select the option “**Login**” and the below tab will display where you should enter your email address and the corresponding password. Then, click on the “**Sign In**” virtual button.

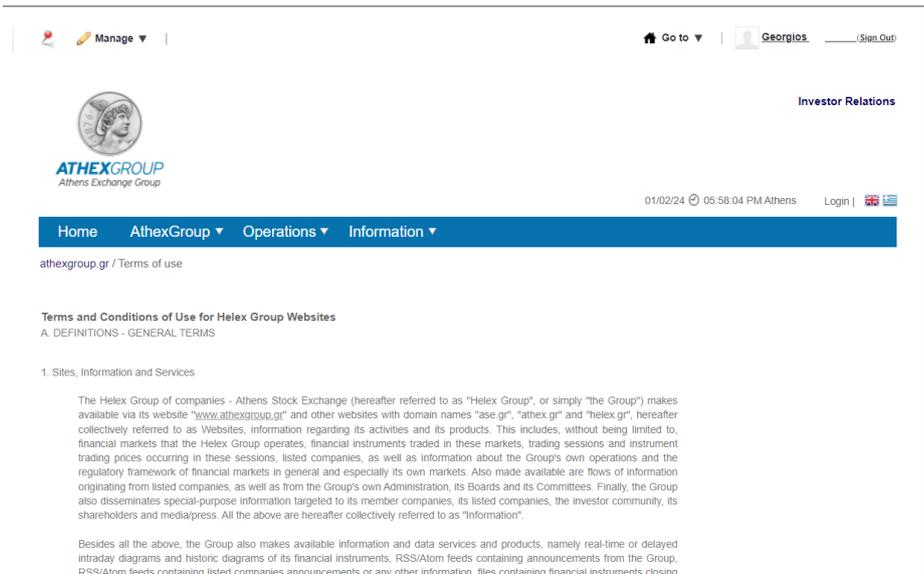

If you have typed your email and password correctly, then on the right top side, the name of the user and the “**Sign Out**” option will be displayed.

2.3 User Password Change during the first Login

The first time you log in, the terms of use for the site will be displayed.

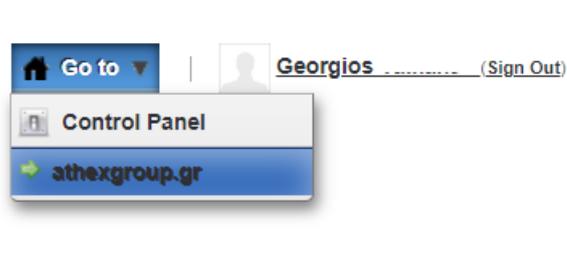

After reading the terms of use, please proceed to the next step of the process by clicking “**I agree**”. On the next screen that appears, enter the new password in “**Password**” and “**Enter Again**”. Finally, click the “**Save**” virtual button.

Next, please select query password reminder, type the corresponding answer and select "Save". Then the home page of the site will be displayed.

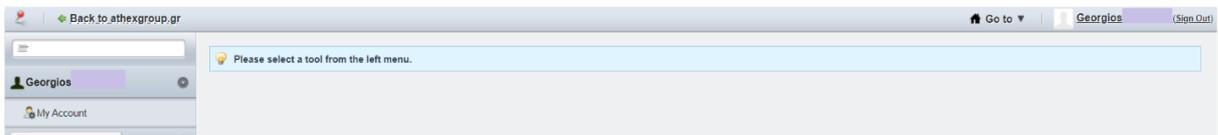

2.4 Change – Manage User Password

In order to manage your user account, you have to click the link <http://www.athexgroup.gr/> and follow the Login steps described in paragraph 2.2.

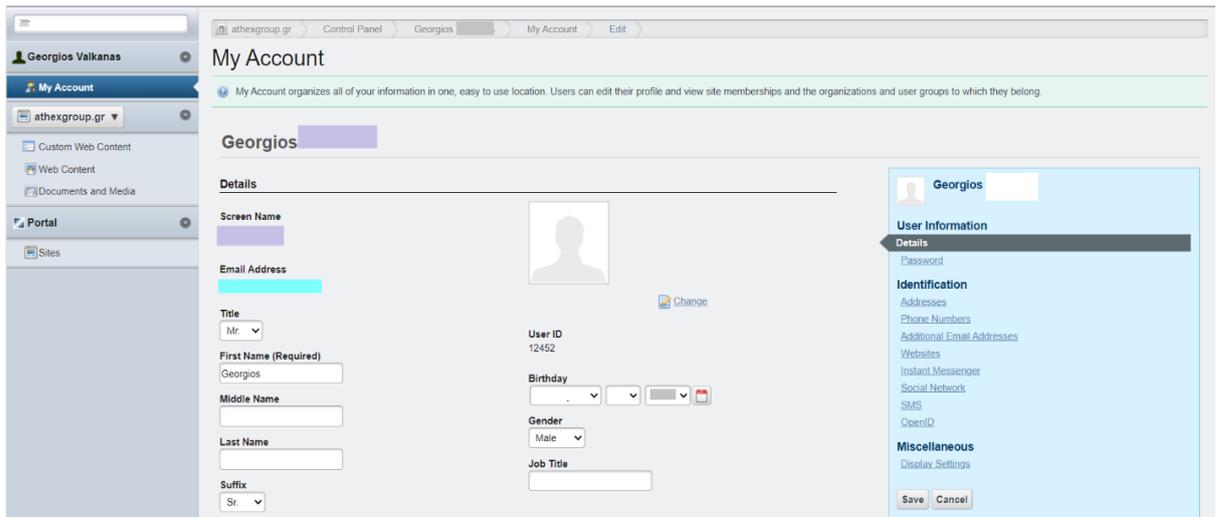

Following that, select “Control Panel” option under the “Go To” menu, as shown below:

Next, you will be directed to the following screen, where from the left menu, you should select the “My Account” virtual button.

The following screen will be displayed on the main information area.

You can change your password from the menu on the right by clicking on the “Password” option where you input the relevant information and select “Save”. Once the changes have been registered, you will see the following message:

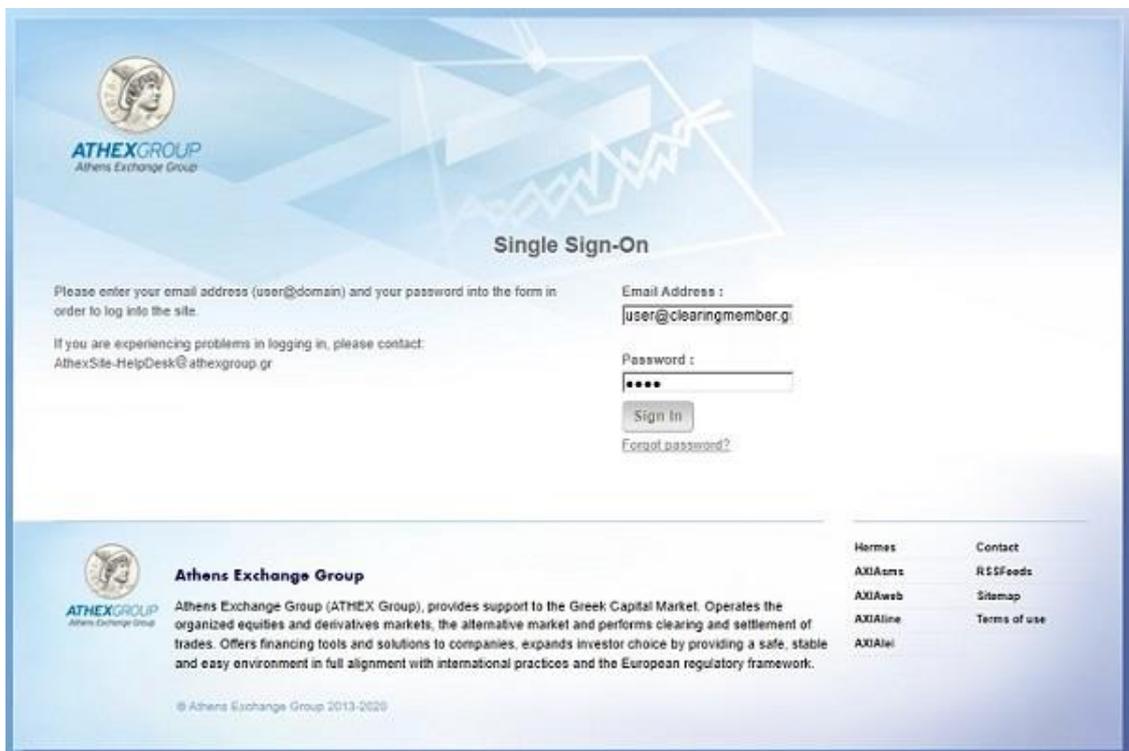

2.5 Connecting to the application – Home Page

In order to log in to the application, you must use an Internet Browser (Internet Explorer, Google Chrome, etc.) and the computer used must have Internet access.

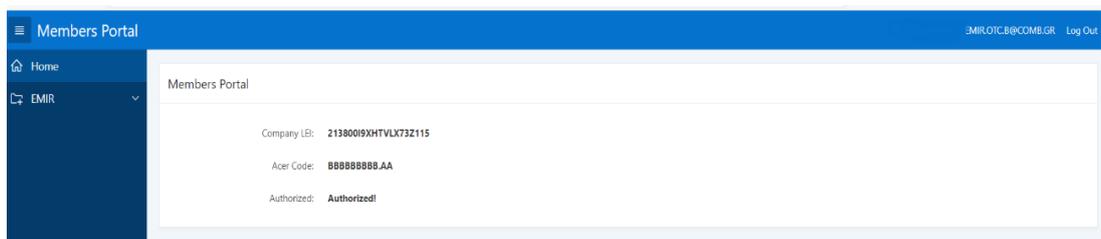

By entering the link:

- <https://amp.athexgroup.gr/apex>, the user can log in to the production environment.
- <https://t-amp.athexgroup.gr/apex>, the user can log in to the test environment.

On the screen that appears, please enter your Email Address as listed in the signed contract that has been accepted by ATHEXClear, and your Password. Then click on the “**Sign in**” button. Once your details are entered correctly, you will be logged into the application.

After connecting to the application, the home page is displayed, where the logged in user, the LEI of the Clearing Member/Client of EMIR-TR Service, the authorization of the login and the main menu of the application appear.

Click the “**Log Out**” button in the upper right corner in order to exit the application.

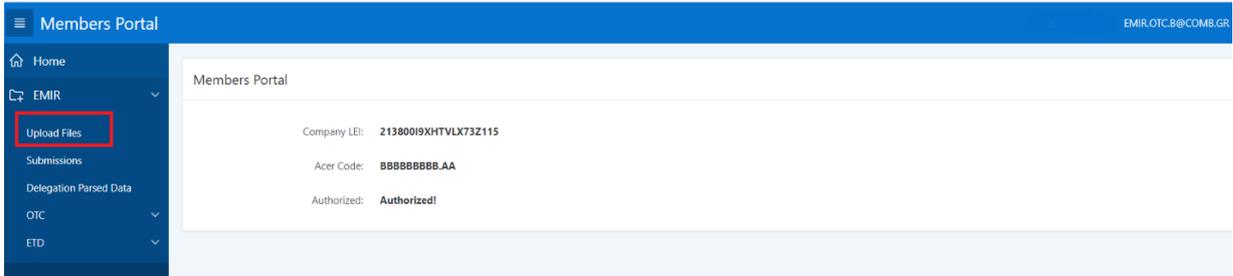

ATHEXCLEAR
Clearing House

The available menu options per user, regarding the EMIR-TR service, depend on the Clearing Member/Client agreement with ATHEXCLEAR. Following, the maximum capabilities that the user of the service can have are presented.

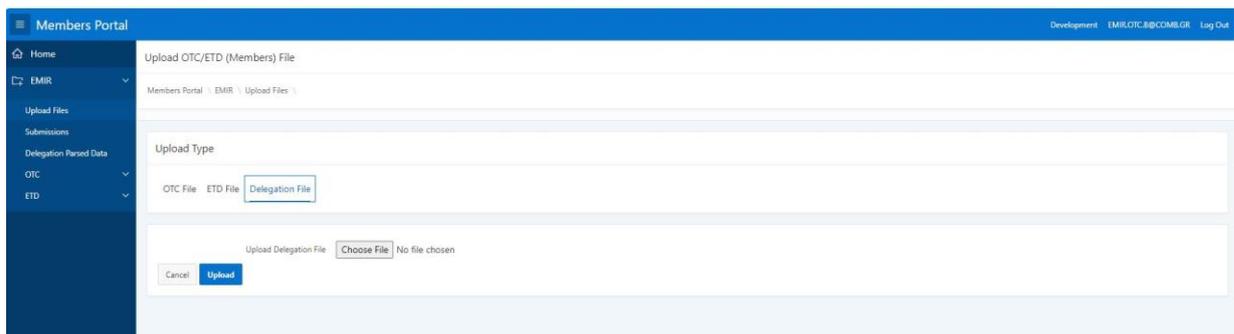

3. Clients File Upload in the application

By opening the EMIR menu, the following screen is displayed:

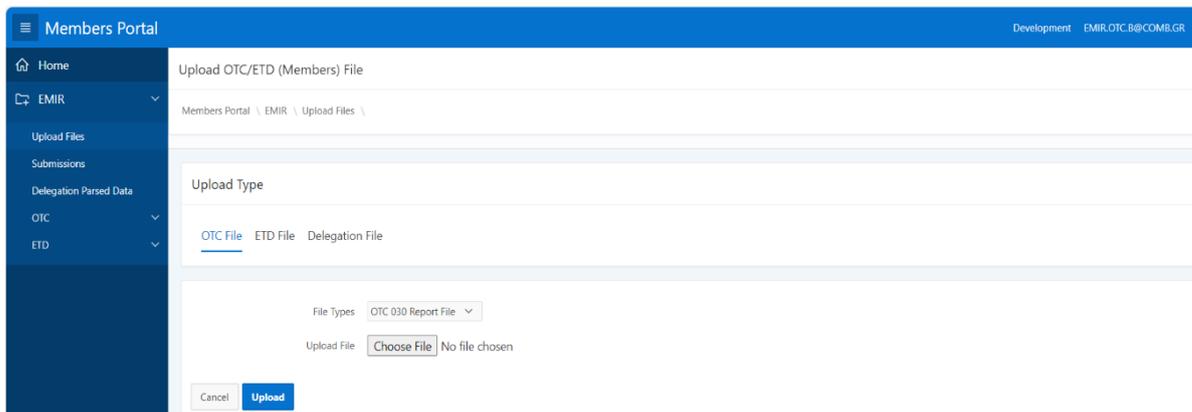

By selecting the “**Upload File**” from the main menu, you will be directed to the “**Upload Type**” page with the following options:

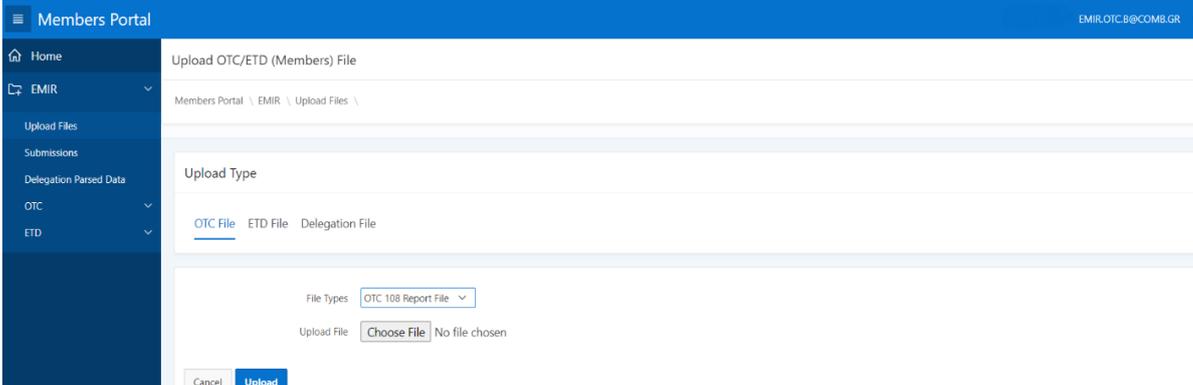

- **“Delegation File”**: for submitting Delegation Files in order to submit reports on behalf of your Clients (CSV format with UTF-8 encoding and free text regarding file naming e.g., “Delegation_12012024.csv”). The first row of the file may include headers.

- **“OTC File”**: for submitting OTC Files for reports of transactions not cleared by ATHEXClear. The user has two options (**File Types**):
 - a. **“OTC 030 Report File”**: for submitting OTC trade and position report file for derivatives not cleared by ATHEXClear (xml_ISO 20022 format based on the technical specifications of ESMA and free text regarding file naming e.g., “OTC030_12012024.xml”)

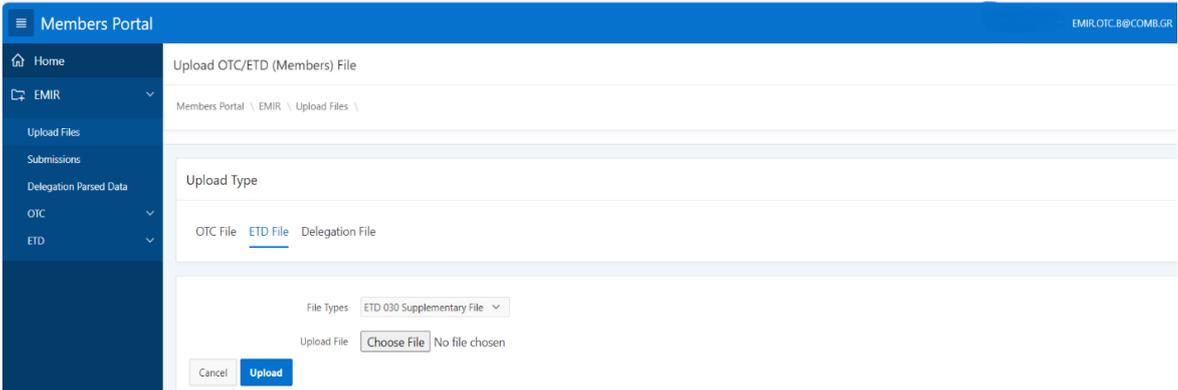

- b. **“OTC 108 Report File”**: for submitting OTC margin report file for derivatives not cleared by ATHEXCLEAR (xml_ISO 20022 format based on the technical specifications of ESMA and free text regarding file naming e.g., “OTC108_12012024.xml”)

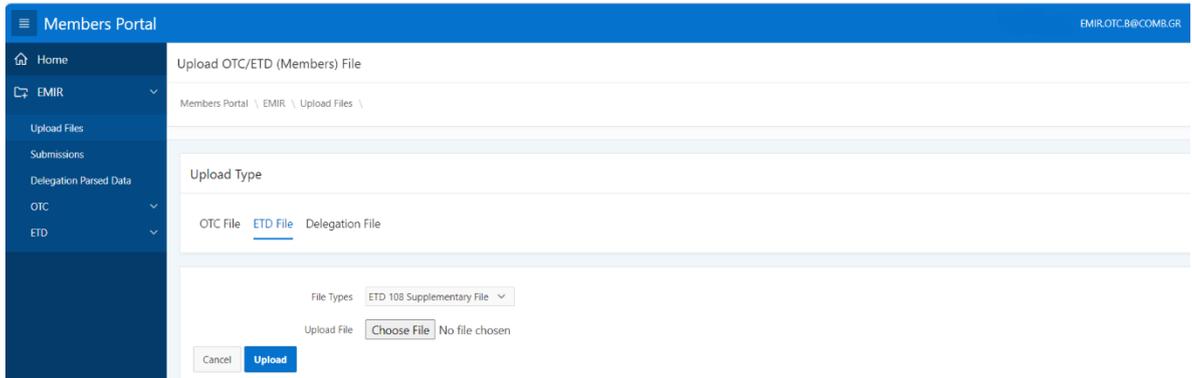

Note: The user must submit the **Document** for the above OTC030 Report File & OTC108 Report File, as specified in the current xsd version (Auth030 & Auth108), based on the technical specifications of ESMA, **without the header and wrapper**.

- **“ETD File”**: for submitting ETD Supplementary Data File for derivatives cleared by ATHEXCLEAR. The user has two options (**File Types**):
- a. **“ETD 030 Supplementary File”**: for submitting ETD trade and position data file for derivatives cleared by ATHEXCLEAR (CSV format with UTF-8 encoding and free text regarding file naming e.g. “ETD030_12012024.csv”). The first row of the file may include headers

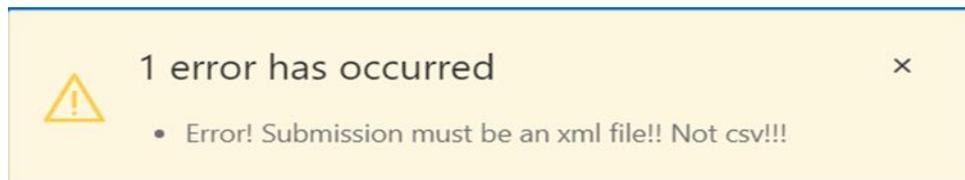

- b. **“ETD 108 Supplementary File” (Optional)**: for submitting ETD margin data file for derivatives cleared by ATHEXCLEAR (CSV format with UTF-8 encoding and free text regarding file naming e.g. “ETD108_12012024.csv”). The first row of the file may include headers

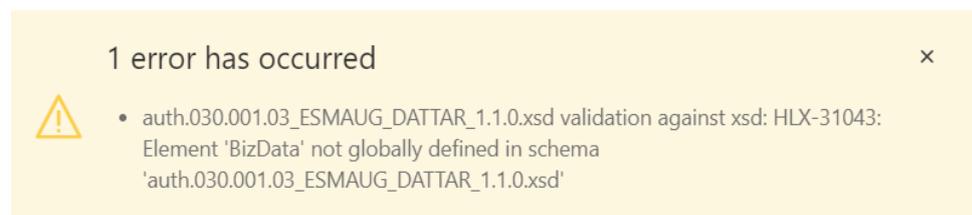

Following that, the user, by selecting “**Choose File**”, locates and chooses the file for submission. Next, using the “**Upload**” option, the user submits the file to the application. By selecting the “**Cancel**” virtual button, the user can cancel the file’s submission.

The application provides a success or error message upon file submission, regarding the **file type** being uploaded and its **file format**.

For example, if the user uploads a “**OTC 030 Report File**” in CSV format instead of XML, the following error message is displayed:

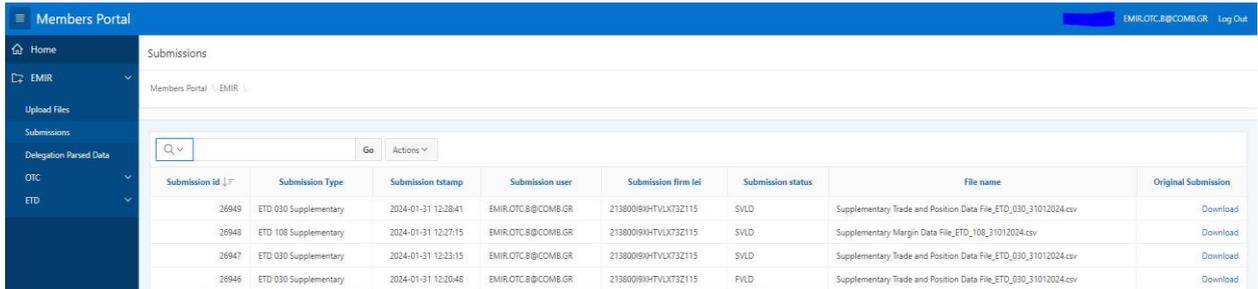

Additionally, if the user uploads an “**OTC 108 Report File**” with content not compliant with ESMA's technical standards, the following error message is displayed:

4. Clients File Submission Verification

The user, in order to check the submission of their files, selects the “**Submissions**” virtual button from the main menu, and the following screen is displayed with the files the user has submitted and the status of their submission process.

Submission id	Submission Type	Submission tstamp	Submission user	Submission firm lei	Submission status	File name	Original Submission
26949	ETD 030 Supplementary	2024-01-31 12:28:41	EMIR.OTC.B@COMB.GR	2138009HXHTVLX732115	SVLD	Supplementary Trade and Position Data File_ETD_030_31012024.csv	Download
26948	ETD 108 Supplementary	2024-01-31 12:27:15	EMIR.OTC.B@COMB.GR	2138009HXHTVLX732115	SVLD	Supplementary Margin Data File_ETD_108_31012024.csv	Download
26947	ETD 030 Supplementary	2024-01-31 12:23:15	EMIR.OTC.B@COMB.GR	2138009HXHTVLX732115	SVLD	Supplementary Trade and Position Data File_ETD_030_31012024.csv	Download
26946	ETD 030 Supplementary	2024-01-31 12:20:48	EMIR.OTC.B@COMB.GR	2138009HXHTVLX732115	FVLD	Supplementary Trade and Position Data File_ETD_030_31012024.csv	Download

The fields displayed on this screen and their corresponding descriptions are as follows:

Field Name	Description
Submission id	The submission code provided by the application
Submission Type	The type of submitted file , with the following values: <ul style="list-style-type: none"> • Delegation • ETD 030 Supplementary • ETD 108 Supplementary • OTC 030 • OTC 108
Submission tstamp	The submission timestamp of the file
Submission user	The user who submitted the file
Submission Firm Lei	The LEI of the Clearing Member/Client of the service
Submission status	The status of the submitted file, with the following values: <ul style="list-style-type: none"> ✓ RCVD (received, successful import of the file into the application) ✓ SVLD (successful validation, all entries in the file are successful) ✓ FVLD (failed validation, at least one entry is unsuccessful)

	<ul style="list-style-type: none"> ✓ PNDG (pending confirmation, at least one entry is pending for processing) ✓ PART (partially accepted, some entries are SVLD and others are FVLD) ✓ OBSL (file exception for any technical reason)
File name	The name of the submitted file
Original Submission	Populated with the value “ Download ” from where the submitted file can be downloaded

In addition, the user, from the “**Action**” option, has multiple capabilities such as displaying/hiding columns, applying filters, exporting reports, and saving the displayed table in various file formats, etc.

Note: The screen allows “**sorting**” by column - showing or hiding it by clicking the cursor on the column name. Additionally, the user can search in each field displayed on the screen as well as in combinations of them by selecting the virtual button of magnifying glass icon above the “**Submission Id**” column.

5. Delegation File Data

The user, in order to be informed regarding the records of the submitted Delegation Files for its Clients, selects the “**Delegation Parsed Data**” virtual button from the main menu, and the following screen is displayed:

Submission id	Entry id ...	Ent status	Ent errors	Reporting firm lei	CI member sat cd	Lei of client
26692	144	FVLD	validation error: [EMIRDLGTM...	213800I9XHTVLX73Z115	0000000172	213800HMLMQ8DMINE643
