

Eurobank Equities S.A. is a wholly owned subsidiary of Eurobank S.A. , offering investment services to institutional and private clients. Its services include share transactions, derivatives, bonds and mutual funds listed for trading in Greece and abroad and are offered through a diverse network of qualified brokers, exclusive representatives and the e-trading platform eurobanktrader.

Eurobank Equities' Institutional Clients team is committed to generate actionable investment ideas by providing timely and value added market and corporate insights, while supported by unparalleled execution services.

The company has repeatedly received important distinctions by Extel, including “No. 1 Brokerage firm in Greece”, “No. 1 Research department in the Greek stock exchange market” and “No. 1 Analyst in the Greek stock exchange market”.

Eurobank Equities' award-winning Research provides active and continuous services and expertise to the company's clients, covering 20 listed companies, reflecting approximately 80% of the ATHEX capitalisation and over 90% of the traded value. Eurobank Equities Research also provides secondary coverage on the largest foreign markets and listed large cap names.

Furthermore, the Market Making Division of Eurobank Equities provides liquidity on the shares of 32 listed corporate entities and 33 derivatives, capitalizing on its extensive experience and proprietary technology.
